Digital KWH Power Energy Monitoring Meter 1 Phase & 3 Phase Options Industrial RS485 Interface

Product Overview

Delta Electronic Digital KWH Meter is designed for accurate real-time electrical monitoring for industrial panels, buildings, automation systems, and smart energy applications. Available in 1 Phase and 3 Phase versions with RS485 communication.

Available Models

- 1 Phase Digital KWH Meter
- 3 Phase Digital KWH Meter

Measured Parameters

- Voltage
- Current
- Power
- Energy (kWh)
- Frequency
- Power Factor

Communication

Industrial RS485 Interface with Modbus RTU protocol.

Industrial Protection

- Noise Rejection Filter
- Voltage Protection
- Low Pass Filter
- High Pass Filter
- Industrial Grade Design

DELTA ELECTRONIC

Design & Service

Ruko Klampis Square C17 Phone: +6281232564892 Email: paulus@delta-electronic.com
<http://www.delta-electronic.com>

Applications

- Factory Energy Monitoring
- Building Management
- Panel Metering
- Smart Factory
- IoT Dashboard
- SCADA / PLC Integration

Ordering Information

Model A : 1 Phase Digital KWH Meter RS485

Model B : 3 Phase Digital KWH Meter RS485
